Press Release

20th August 2020 – For Immediate Release

Mo.net 7.4.1

Software Alliance Limited ("SAL"), the developers of the award-winning Mo.net financial modelling platform, today announces the release of Mo.net 7.4.1

The release includes minor enhancements and improvements primarily focused on:

- Refinements to source control allowing the user to have more control and a clearer view of changes excluding metadata.
- Further enhancements between master and worker for long-running large jobs
- Improved governance and security around multi-office companies.

"We are very pleased to provide our clients with the next advancement of Mo.net 7.4. 1. This latest release includes refinements to existing functionality and improved governance to deliver next generation modelling flexibility, control and performance" stated Su Berry, the Director of Business Development for Software Alliance.
